

Built for Toronto schools. Backed by KEV Group.

The Hot Lunch Platform already trusted by schools across the TDSB. Free to start.

Lunchbox is built within your SchoolCash Online.

If your school already uses SchoolCash Online, parents use the same login once Lunchbox is turned on.

Toronto schools are large, diverse, and stretched. Admin teams lose 5–7 hours every week to manual lunch admin — work that should be automated.

Admin time drops by 99%+

Automated ordering, digital payments, and Monday-morning email reports — no pulling required. From 6 hours a week to basically zero.

Parent participation climbs

TDSB schools see participation rise fast once ordering moves online. Easy ordering means more parents do it.

Built on a platform you already know

Lunchbox is built within your school's SchoolCash Online. Same team, same login, familiar interface.

Fundraising with every order

No event. No ask. No campaign. Every order raises money for your school automatically. Schools typically earn between \$8,000–\$10,000 per year.

WHY TDSB SCHOOLS CHOOSE LUNCHBOX

95+ TDSB schools are already live on Lunchbox — and loving it. Here's what consistently stands out once schools make the switch:

Real people, real support

Every school gets a named support contact and a fast, personal response — not a black hole. It's one of the biggest reasons schools stick with Lunchbox.

Snow days and schedule changes, handled

No need to simply cancel — we help facilitate finding a new lunch day for your school, so you never miss out on earned fundraising.

One ecosystem, one login

Already on SchoolCash Online? Turn Lunchbox on with the same login parents already use. No new accounts, no new passwords.

"The admin team described it as the biggest quality-of-life improvement they'd made in years."

— Principal, TDSB school

Available in TDSB schools now.
